LEEPing Stars Win High Awards

by Shannon Roy, Editor

Twenty-four Kansas librarians earned their Level Five LEEP (Library Employee Education Project) Certificate in the 2005-2006 year. Level Five is awarded for 400 hours of continuing education.

Eighteen librarians earned their Level Six Certificate for 600 hours of continuing education. Level Six is the highest award offered by LEEP and usually takes a number of years to complete.

These librarians should be very proud of their years of staff training and career development.
