

READY TO READ

Six skills by six years

Almena City Library with a little help from their friends at NWKLS have created a wonderful new **6 by 6 Children's area**. The great backpacks courtesy of NWKLS can be checked out by patrons. Each backpack contains an activity as well as a GREAT children's book to encourage one of the six principles.

Having books, puzzles, letters and other manipulatives available for children from birth to six stimulates language, letter recognition and essential verbal skills they will need to be successful **READERS!!!**

The 6 by 6 principles prepare every child from birth to six with the six essential reading skills, **Noticing Print, Talk, Talk, Talk, Tell Stories about Everything, Look for Letters Everywhere, Take Time to Rhyme and Have Fun with Books!**
