

Complete digital learning solution designed for elementary school students

Helps you achieve your afterschool program's objectives:

- ***Get students excited about learning***
- ***Increase attendance at your program***
 - ***Improve student achievement***
 - ***Boost graduation rates***
 - ***Provide enriching content***

It's also a great complement to the Early Literacy Station™ in public libraries. Now you can serve older kids too!

Extends Learning from School to Afterschool

Put your afterschool program on the cutting edge

The AfterSchool Edge™ from AWE is the first complete digital learning solution designed specifically for out-of-classroom use. Available on either a netbook or a touchscreen desktop computer, the AfterSchool Edge is an easy-to-use solution that features over 50 top-rated educational software titles that appeal to various elementary grade levels. There is something for everyone!

How will this enhance your afterschool program?

- Youth can access electronic educational content without the Internet, software downloads, or technical assistance
- Fosters independent, self-paced learning
- Content covers math, science, music, art, history, geography, reading, writing, and more!

Work on homework or just explore

Students can use the AfterSchool Edge™ to work on specific subjects and activities related to homework assignments such as math topics, researching a notable person in history, or reading and comprehension.

Or, they can be free to explore the content on their own, learning about topics they are drawn to and focusing on subjects that most interest them.

The AfterSchool Edge is comprehensive enough to satisfy both purposes and all learning styles.

Engaging and Interactive Educational Content

Carefully selected content that is educational and fun

- Correlated to state and Common Core standards
- Can be personalized for each student
- 60+ educational applications with over 2,000 activities
- Spans all areas of curriculum: math, science, reading, music, art, history, geography, reference, other STEM-related subjects, STEAM, and more!

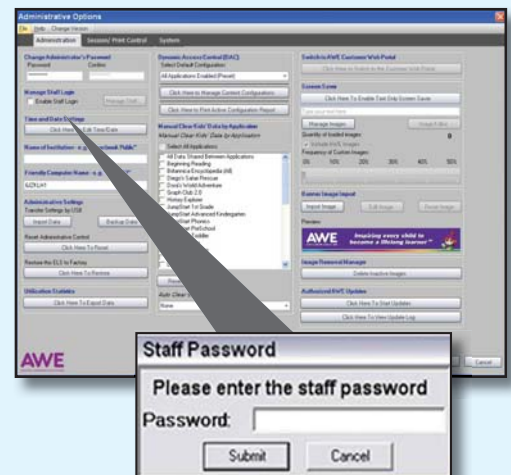

AWE employs a comprehensive review process to evaluate and select content. This process ensures the highest quality, age-appropriate, educational material.

Technology that is easy to use, simple to manage

The AfterSchool Edge™ features many administrative controls that are easy to learn and manage. These administrative features simplify the management of the AfterSchool Edge and require no technical knowledge.

- Wireless-enabled networking
- Set up networked profiles for users so they can sign on to any AfterSchool Edge computer
- Manage student portfolios and accounts from the Internet
- Administrator-controlled timed sessions eliminate sign-up sheets
- Utilization reports are easily generated to share with parents, school officials, and other stakeholders
- Customize content options to create programs such as “Math Mondays” or “Music Fridays”
- Work saved on an AfterSchool Edge can be automatically removed daily, weekly, or even between user sessions

Easy administrative management

Reports for teachers and parents

Reference Aid and Homework Helper

Product options and warranties that meet your needs

To address your needs and requirements, the AfterSchool Edge is available on a tablet, touchscreen all-in-one desktop, and standard desktop.

The AfterSchool Edge is a worry-free technology supplement to your program. Whatever workstation you choose, set-up is easy and minimal technical support is required.

Incomparable service and support

AWE products are designed to be easy-to-use right out of the box, with minimal training and support required. To help answer any questions, free support is available via phone or email. The AWE Support team, a well-trained and experienced staff, provides the gold standard for service and support. Talk to our current customers—AWE's most enthusiastic sales people!

"These computers are very easy to administer. When I do have a question, I have found their support department to be very responsive. And using the administrative controls to access reports and other features is simple."

- Gary Krajacic, Technology Administrator, Fayetteville Free Library

Incredible Value - Low Total Cost of Ownership

AWE provides products that have a low total cost of ownership as our solutions are simple to manage and implement, require no extensive training, and are covered by one of the best warranty deals in the industry. We offer a comprehensive warranty, lifecycle support, and trade-in credits on older systems. A big plus is that no on-going technical support is required, which means less IT staff requirements or need for other expensive staffing resources.
