End of Pilot Transition

- To date, 3 libraries have returned continuation forms!

 - Meriden – Ozawkie Public

End of Pilot Transition 1

- If you want the State Library to arrange with Verizon for transition of your devices and accounts, a Mi-Fi Project continuation form must be completed and returned to the State Library on or before **October 15, 2015**.
- There will be no change in cost or terms of service. Libraries will still be offered the \$39.99 Unlimited data plans they currently have.
- When the time comes to change billing for the devices, Tim Moses of Verizon will provide everyone with an Assumption of Liability form which will move any number of lines to a new account.

End of Pilot Transition 2

- You will receive an e-mail with more information and a copy of the form before the end of July.
- The funding provided by the NYPL/Knight Foundation to the State Library of Kansas for this project will be exhausted around the first of November.
- The State Library has made the decision to extend the program through December 31, 2015 using **Federal LSTA funds**.
- If you miss the October deadline, devices will be deactivated on December 31, 2015.
